# Camu

Camu for HigherEd
Pave the Way for Student Success.

Education is increasingly becoming learner-centric and this is transforming the pedagogy. Technology is ushering in a new form of learning for students and improving teacher engagement, across the world. Camu for Higher Education can transform your institution into a modern-day centre of excellence. It is fully aligned with the NEP 2020 and offers positive and impactful solutions with concepts like Online and Digital Learning, Multidisciplinary Education, Internationalization of Credits, Student choice-based Enrollment.

Camu Outcome Based Education (OBE) and Camu Choice Based Credit System (CBCS) are two vastly adopted modern learning concepts that focus on student learning and their choice of courses as per their interest, to enhance holistic development.

SIS | LMS | ONLINE ADMISSIONS | ONLINE ASSESSMENTS CoE | MULTIDISCIPLINARY EDUCATION | CHOICE BASED ENROLLMENT

Outcome Based Education (OBE)

Outcome Attainment

Legend:
- Subject Outcome Attainment
- Expected Attainment
- Expected Attainment as % of Students
- % of Students with Expected Attainment

Co-101.2
- Subject Outcome Attainment: 54.22
- Expected Attainment: 80
- Expected Attainment as % of Students: 70
- % of Students with Expected Attainment: 50
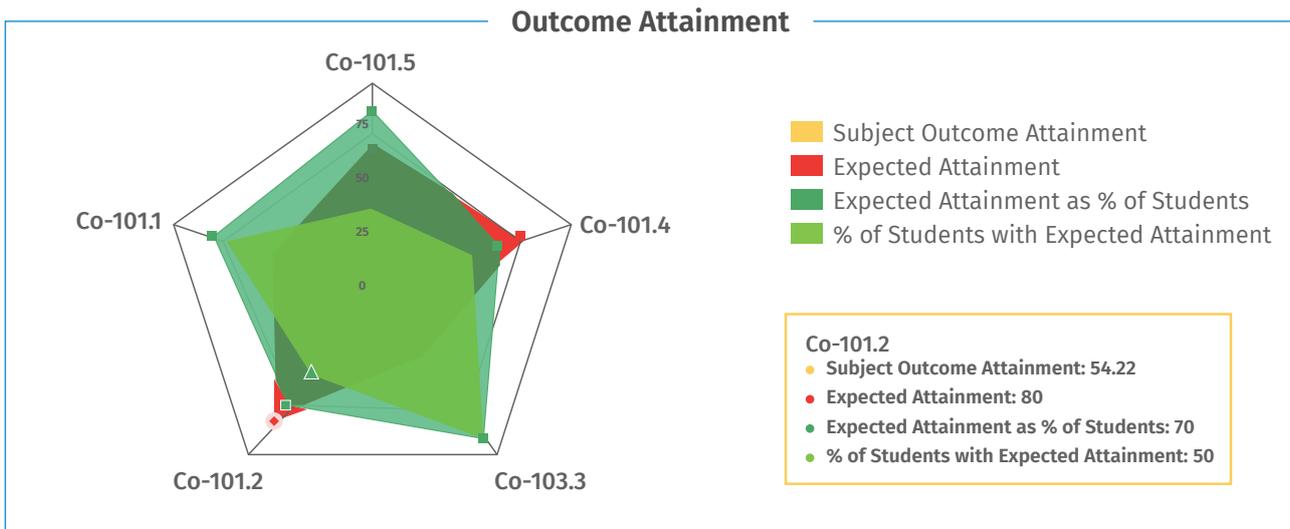

Outcome attainment is fully automated. Tune the weightage of assessments, align with the goals and make course corrections instantly. Ensure visibility to the OBE model, outcome attainment and the student performance.

Unleash the powerful benefits of Camu Online Admissions

Accept applications online

Collect all statutory documents digitally

**Enable students to select** and pay for courses online

Leverage a centralized automated enrollment platform with no duplication

Conduct online entrance tests remotely

Engage with students
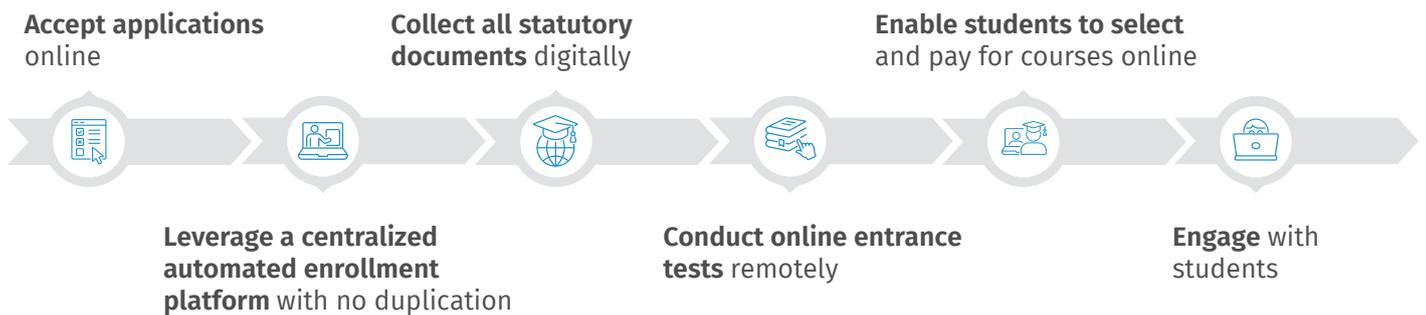

Learning Management System (LMS)

The concept of teaching and learning is becoming structured, accountable and omnipresent. This is particularly important for institutions attempting to achieve excellence.

Camu Learning Management System (LMS) offers an online system that enables you to track, monitor and measure course delivery, teacher and student progress to meet all compliance required for accreditations.

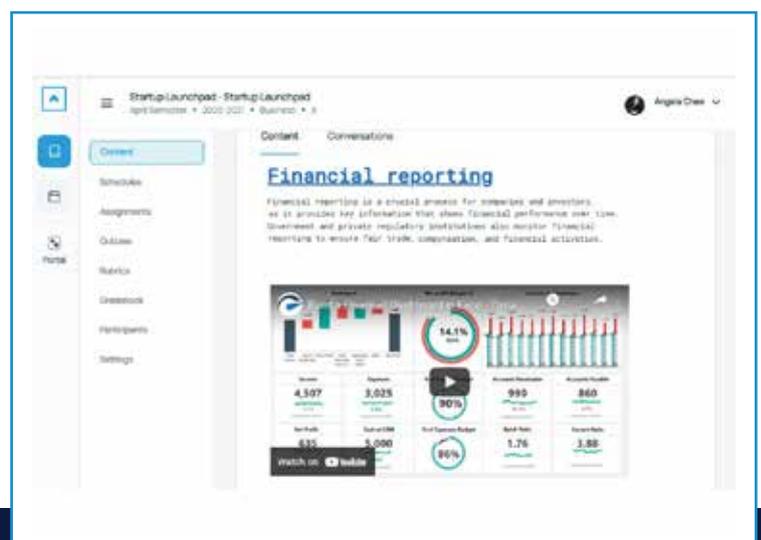

Fee Management

Managed Receivables – Flexible and Systematic.

Set up any kind of fee structure based on credits, courses or flat fee that suits your institution. Configure the accounts receivable system for your requirements including scholarship, funding and multiple payers as well as statutory and regulatory compliance like invoicing and taxes. Get real-time updates on collections and dues. Send automated email alerts and reminders.

Online Distance Learning Program

Going online is no longer a choice, it's a mandate. And Distance Learning is the surest way of achieving this. It doesn't matter where your institution is based, what programmes it specialises in, or which types of students it's targeting, it's imperative that it makes the transition to the digital world. Our Online Distance Learning Model guides your institution to become a content hub, a thought leader, and a dynamic force in academia.

PRE-LAUNCH ACTIVITIES

1. Define the Curriculum Structure
2. Create Digital Course Content
3. Define the Workflow and the Fee Structure for Online Admissions

STUDENT ONBOARDING

4. Launch Admissions
5. Student Enrollment & Online Payment
6. Academic Planning
7. Student Course Registration

TEACHING AND LEARNING

8. Conduct Online Classes and Offer Free-Form Learning from the LMS
9. Online Assessments, Assignments and Digital Classroom Interactions
10. Grading
11. Student Advising

ADMINISTRATION

12. Holds and Clearance
13. Fee Collection
14. Validation of Graduation Criteria
15. Student Services
16. Issue of Transcript & Documents
17. Award of Degree

Mobile-First Solution
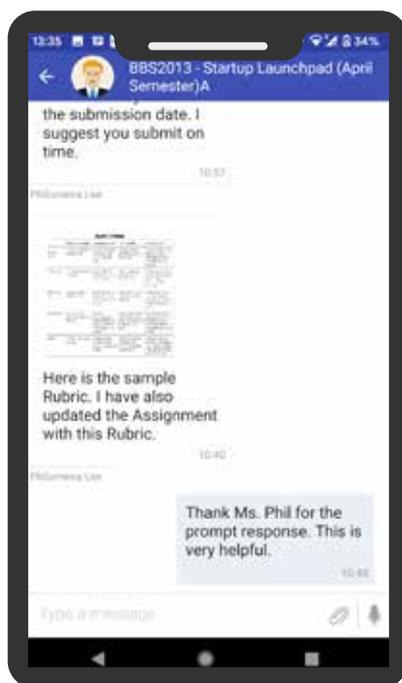

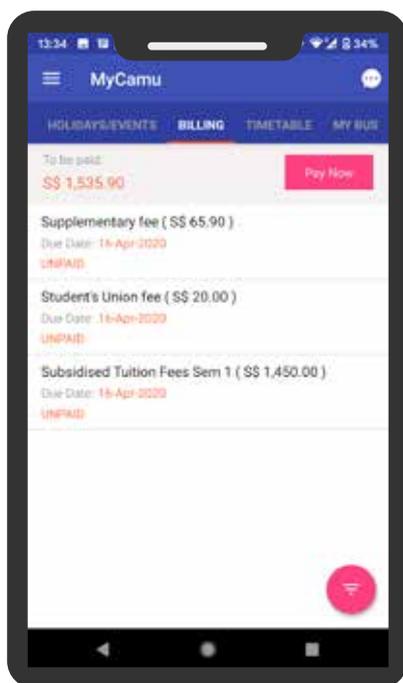

**440+ INSTITUTIONS | 8+ COUNTRIES | 1.4 MILLION STUDENTS
50,000 TEACHING STAFF | 1,200+ PROGRAMS OF STUDY**

Camu Functional Overview
